

SEPARATION & FLUID HANDLING

Engaging **Alfa Laval's Reliable and Innovative Technology** that Continuously Improves **Separation Performance, Safety and Sustainability**

SEPARATION

Efficient separation of liquids from liquids, of particles from liquids and of fluids and solids from gases

Products

- High Speed Separators
- Decanters
- Membrane Filtration

FLUID HANDLING

Safe transport and control of fluids

Products

- Pumps
- Valves
- Mixers
- Tank Equipment
- Installation Material
