

## CARBON MANAGEMENT

### CARBON FOOTPRINT ASSESSMENTS

- Measuring and monitoring greenhouse gas emissions
- Identifying carbon reduction strategies
- Life cycle assessments for products and services

### CARBON OFFSET PROGRAMS

- Partnering with reforestation and conservation projects
- Renewable energy credit (REC) consulting
- Carbon offset certification and verification

### CARBON CAPTURE AND STORAGE (CCS)

- Direct air capture technologies
- Industrial carbon sequestration solutions
- Enhanced oil recovery (EOR) integration

By integrating these solutions, TOSL Engineering Limited aims to lead the transition to a sustainable, low-carbon future. Contact us today to learn more about our services and how we can support your sustainability goals.
